

Principles And Proofs: Aristotles Theory Of Demonstrative Science

CONTENTS.

BOOK I.

CHAPTER	PAGE
I. Whether a Demonstrative Science exists	1
II. What Knowing is, what Demonstration is, and of what it consists	4
III. A refutation of the error into which some have fallen concerning Science and Demonstration.	7
IV. The meaning of 'Distributive,' 'Essential,' 'Universal'	10
V. From what causes mistakes arise with regard to the discovery of the Universal. How they may be avoided	13
VI. Demonstration is founded on Necessary and Essential Principles	16
VII. The Premises and the Conclusion of a Demonstration must belong to the same genus	19
VIII. Demonstration is concerned only with what is eternal	21
IX. Demonstration is founded not on general, but on special and indemonstrable principles; nor is it easy to know whether one really possesses knowledge drawn from these principles	22
X. The Definition and Division of Principles	24
XI. On certain Principles which are common to all Sciences	27
XII. On Questions, and, in passing, on the way in which Sciences are extended	29

By a thorough study of the Posterior Analytics and related Aristotelian texts, Richard McKirahan reconstructs Aristotle's theory of. By a thorough study of the Posterior Analytics and related Aristotelian texts, Richard McKirahan reconstructs Aristotle's theory of episteme--science. The P.
